VOLUME IV, NUMBER 12 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER FEBRUARY 3, 1930

PIONEER WINZE CONTINUES FINE ORE AT DEPTH

Following downward in the winze the rich strike uncovered several weeks ago at the Pioneer property has disclosed the rich shoot continuing in richness and extent. Over 12 feet additional sinking has shown the shoot holding up in width and in value and inclines the company officials to the belief that they are on the main ledge and that important developments may be expected as sinking continues.

Specimen rock occurs in the ledge matter which is heavily impregnated with sulphides carrying high values. Assays show one foot of the ledge to run well over $1000 per ton, mostly in concentrates.

Being in a stragetic location and having ample ground for working the company anticipates profitable operations as its development work gets fully under way. A new surface plant is contemplated including additional pumping facilities and new hoisting plant.

MINERAL PRODUCTION COUNTRY ON INCREASE

The estimated total value of mineral products in the United States in 1929 was approximately $5,900,000,000, as announced by Scott Turner, Director of the United States Bureau of Mines, Department of Commerce. This is an increase of nearly 10 per cent over the total value of mineral products in 1928, and is due to increases in the total value of metals and the mineral fuels produced. The total value of nonbetallic mineral products in 1929 decreased slightly as compared with 1928. The increase in the value of metallic products is due cheifly to the increase in quantty and unit value of copper and iron produced. Lead and zinc also increased, but gold and silver decreased. The value of each of the mineral fuels produced showed increases, especially petroleum and natural gas.

The following figures give the estimated total value of metallic mineral products and nonmetallic mineral products other than fuels and of mineral fuels produced in the United Sates in 1929:

Estimated value of mineral products of the United States

1929

Metallic	$1,540,000,000
Nonmetallic(other than fuels)	1,200,000,000
Mineral fuels	3,160,000,000
Total	5,900,000,000

These estimates are subject to revision and replacement by precise figures for 1929 as soon as the Bureau of Mines can complete the canvass of mineral industries just begun. In this canvass, the Bureau is sending to every mining, quarrying, and well-operating company an inquiry soliciting a repirt on the output of each mineral commodity by each producing establishment. Early success in this undertaking is dependent upon the continuation of the prompt and cordial response on the part of the mining companies which through many years has been the basis of success in this statistical endeavor.

Dick Polglase of Alleghany was visiting relatives in the county seat during the week.

William Clerkin, of French Corral stockman, came up from his Browns Valley range last week. The feed conditions are much improved since the heavy storms, he relates.

Mr. and Mrs. F. W. Callender of Sierra City were Nevada City visitors durng last week.

Miss Margaret Coughlan, trained nurse of North Columbia, was a Nevada City visitor durng the week.

The manw friends of W. G Richards will be pleased to learn that he is making a good recover from a recent illness.

Arthur Hammond was in Truckee to attend the dog derby.

Tom W. Richards headed the committee that served raviolas and chicken to the hungry Bills at the Elks temple Thursday night.

RESOLUTION APPROVES WORK OF ENGLEBRIGHT

The following resolution passed by El Dorado Chapter of the Mining Association of California shows that the interest taken by our Congressman in our basic industry is recognized:

Resolution

Whereas, the mining industry has long labored under many handicaps, and

Whereas there has been imposed upon the prospector in particular, who is the advance guard of the industry, unduly severe restrictions by Federal laws, and

Whereas further and ruinous restrictions upon the prospector and the industy in general have been proposed before Congress and were refused passage largely upon the valiant and vigorous opposition in the senate by our Congressman Hon. Harry L. Englebright.

Therefore, Be is Resolved, by El Dorado Chapter of the California Mining Association, that we do most warmly commend the activity of our said Congressman, Harry L. Englebright.

John J. Burley,
Fred W. Mayer,
O. A. Ingraham,

Attest: John J. Burley, Secretary.

AERIAL TRAM TO BE BUILT NORTH STAR TO EMPIRE

Building of an aerial tram to connect the Central shaft at the North Star property with the Empire mill is to be commenced this week. The tramway materials were brought here last year from the abandoned Mason Valley holdings of the Newmont interests in Nevada.

With the company expecting to handle all the ore from the North Star workings in the Empire mill, the tramway will form an inexpensive method transfer from one property to the other.

Deveolpment work at the North Star is reported have disclosed good ore around the 8600 level as well as on some of the higher levels.

NATURAL GAS POSSIBLE FOR DISTRIBUTION HERE

Confirming previous rumors that natural gas might be brought to Nevada City is seen in the announcement that tentative surveys have been made for a line to Colfax which would be brought to Grass Valley and Nevada City. The Pacific Gas has contemplated for some time getting the natural product into the local field but requested that no printed notice be given at that time.

Lines are projected which will supply the entire Sacramento Valley with gas from the San Joaquin field in the next year or so. The natural gas is said to have a much higher heat value than the manufactured gas and the cost is no more and possibly lower.

THREE LINKERS HEAD DUTCH FLAT MEETING

Two bus loads of Odd Fellows and Rebekahs headed for Dutch Flat on Saturday night where District Deputy Grand Master Al Seaman installed the officers of the Odd Fellows there while Miss Dorothy Bosanko, as District Deputy for the Rebekahs, performed the honors for that order. Wednesday night the deputies performed their duties at Colfax going over on a special train.

HARTLEY CLARK HURT

W. Hartley Clarke suffered a broken arm when he slipped and fell on the icy pavement last week. The wounded members was set by Dr. W. F. Werner at the Nevada City Sanitarium.

Mrs. E. B. Frost of the Siberia mine near Cherokee was in Nevada City Friday.

Mr. and Mrs. Charles H. Ninnis have had as visitors, a former teacher of the Nevada City high school, Miss Doris Rice and mother.

Claytin Chatfield, Harry Odgers Charles Avery and Bob Williamson have gone to the Eagle Bird mine.

MINING DISTRICT MAP COMPLETE OF THIS SECTION

The Nugget office is now in possession of a fine map showing the quartz and placer mining property lines in the Nevada City, Grass Valley and Rough and Ready districts with the holdings of the various companies brought up to date. The map is from the artistic hand of Fred M. Miller and is a work of art.

The map is one of the first to show the three districts in one map and is highly valuable in that regard. The holdings of the Hoge Development Company, Pioneer, Murchie, Allison Ranch, are all shown in detail and the various geological formations appearing. The map will be used for reference purposes in this office and will be available to all interested persons.

The Nugget is accumulating a large library of information on mining and with its walls covered with maps of the various mining districts in Nevada and Sierra counties, it is fast becoming a popular spot with the mining fraternity. The colored map by E. C. Uren showing the Nevada City district in detail has attracted a great deal of interest. A mining map of the state of Nevada is also in the office.

This paper has been paid many compliments for its assiduity in compling information on the mineral resources of this section and making it available on call to the public.

ANOTHER STRIKE MADE AT BOREHAM PROPERTY

Another strike of high grade is reported from the Boreham property at Town Talk where development work has been going on the past year. The past week saw a round of shots disclose more specimen ore in the workings which are being reopened following the stormy weather of the past few weeks.

The stockholders in the enterprise which is being operated under the name of the Grass Valley Gold Mines Company have been greatly encouraged over the showing which has been made so far and the property has the earmarks of a real priducer when it gets into full operation. The company has been proceeding in a conservative manner, planning on making thourough developments and blocking out sufficient ore to make milling operations profitable and continuous.

A. O. Witte of Los Angeles is president. Austin Boreham is superintendent.

FOOTE OPENING GRAVEL PROPERTIES ON RIDGE

F. C. Foote of North Bloomfield is preparing to work several properties in the vicinity of Montezuma Hill the coming spring. Materials for the surface plant have been hauled to the site and will be put up.

Gravel operations are reported from Birchville where W. E. Moulton is conducting operations.

McGAGIN IS REAPPOINTED

A. W. McGagin, who has been serving efficiently as county probation agent for Nevada county, has on recommendation of the county probation committee been reappointed to the post.

M. A. Peck, district passenger agent, and E. S. Whyte, traveling passenger agent, of the Souther Pacific Company, were visitors in Nevada City.

Henry Beck of Newtown has leased the Pardini ranch near Grass Valley.

Miss Ellabel Massie, of Sacramento graduated from a Sacramento high school last week. She is a dancer of note having danced for many of the larger clubs of that city. Her parents were former residents of Nevada City.

Lee Mason of the Junction House visited in Nevada City during the past week.

TEACHERS MEET THIS WEEK HAS MUCH INTEREST

Opening day at the annual Nevada County Teachers Institute which promises to be a largely attended affair and full of interest with many notable speakers present.

The sessions are being held at the high school.

The opening address this afternoon will be delivered by Hon. Vierling Kersey, State Superintendent of Public Instruction. Dr. George A. Rice of the University High School of Oakland will give an outline of program for high schools followed by Prof. R. D. Linquist, assitant superintendent of Oakland schools,o n a program for elementary schools. Mrs. E. Schwartz with an address on the rural school room will conclude the afternoon program.

Following general assembly and roll call tomorrow morning, there will be high school class room sessiona presided over by Dr. Rice and Dr. Clinton Conrad, the latter vice principal of the University High School, under the topic of Flexible Organization of Classes, while the elementary section will be in charge of Prof. Lindquist and Prof. A. S. Gist, the latter principal of the Training School of the San Francisco Teachers College.

In the afternoon, Roy Cloud, secretary of the California Teachers Association will discuss proposed legislative measures. In the high school section, modern methods and devices for teaching flexibly organized groups will be discussed.

On Wednesday morning following general assembly, methods of control of discipline will be discussed in the high school section, with the subject in the elementary section yet t obe announced. There will also be primary reading class exercises by Miss Marie C. Cuddy, specialist in primary reading.

Other instructors expected to be present are Prof. J. B. Lilliard, president of the Sacramento Junior College; Dr. Ira W. Kibby, chief of Business Education from the State offices; and Mrs. Edna S. Mettler, specialist in penmanship.

County Superintendent Ella M. Austin, who has arranged such a splendid institute is ex officio president with James S. Hennessy, B. F. Wilson, E. W. Moore, H. E. Kjorlie and D. D| Manross, as vice presidents.

hTe resolutions committee is composed of B. F. Wilson, Miss Genevieve Kent, Mrs. Kate McCormack, G. A. Hoffman, J. B. Underwood, Mrs. Clara A. Weeks, and Mrs. C. Haffey.

LARGE SLICE OF ROAD FUNDS COMES COUNTY

The provision of the last legislature that every county in the state sroudl receive at least $20,000 per year from the gas tax funds is proving its efficacy when the county treasury received $10,000 the past week as the semi-annual installment from the state.

NEVADA COUNTY HAS 3370 REGISTRATIONS

According to figures released today by the state motor vehicle department, Nevada County has 3,370 motor vehicles registered and the apportionment of money to the county treasury is $6,975.60.

Sierra County has 820 registrations and the money apportioned is $1,697.33.

M. J. Brock was a recent business visitor in San Francisco.

R. D. Dorris of Forest was a recent visitor.

Mr. and Mrs. A. L. Gill spent a week in San Francisco.

Mr. and James Penrose and son Howard and Mr. and Mrs. Louis W. Kopp enjoyed an anniversary party in Sacramento Saturday night.

Mrs. Nellie Vizzard, nee Morrison, is reported seriously ill in Oakland.

Ignition Parts and Accesories at Miner's Foundry. 24tf

MINING LOCATIONS ARE PLACED COTNTY RECORD

The following mining locations have been filed for public record:

Trood placer claim by C. A., W. S. and T. C. Bigelow and L. D. Gassoway in Cherokee Mining District. W½NE¼ Sec. 9, T17N R9E.

Trood placer No. 2. Same as above in NW¼ Sec. 9, T17N, R9E.

Hughes Ledge quartz in Grass Valley Mining District by Eugene and Charles H. Hughes, amended location.

Little Chief Lode quartz by Eugene F. and Charles H. Hughes in Grass Valley Mining District.

BIGELOW COMPLETES A QUARTER CENTURY DUTY

Just twenty five years ago Saturday, the National Forest Service came into active existence and on that date a quarter of a century ago, R. L. P. Bigelow became connected with the service and is one of three supervisors who have been service continually during that period.

The day was fittingly celebrated in Washington where a radio broadbroadcast was on the air from 12 to 1 and many local people listened in. The reception of the broadcast was well nigh perfect and much enjoyment was had by radio fans.

STREET LIGHTING MEETS WITH MUCH FAVOR

Three new ornamental bracket street lights placed in the block on Broad street between Pine and the postoffice have excited much favorable comment the past few days. The Pacific Gas and Electric Company placed them for the purpose of demonstrating what improved lighting can do for a town.

The company is willing to light Broad street in a similar fashon on the basis of current used, making its own installation and repairs, and the additional cost above what is now being paid is a relatively small amount. The remainder of the street looks dark with the new lights on and shows what a wonderful improvement they would make.

Auburn recently installed similar lighmts and is reported as highly pleased with them and also the arrangement by which they were installed.

ENGLEBRIGHT'S VOICE SOUNDED VERY NATURAL

The voice of Congressman Harry L. Englebright coming over the air from Washington Satuday noon was as natural as if Harry had been here at home talking. Hhis words were wonderfully well modulated to the iron mike transmitter. The broadcast arranged by the Forest Service in honor of its 25th anniversary was a poular one.

MRS. CHAMPION PASSES

Mrs. Elizabeth Champion, relict of the late Joel Champion, passed away at Auburn early last week as the result of a fall sustained recently at her Sierra City home. Funeral services were held Wednesday at Auburn. Among the relatives are Mrs. Evelyn Pride of Sierra City, a daughter; John Champion, Mrs. Joe Harry and Mrs. Fred Temewan of Grass Valley.

Glen Pierce, who has been in the employ of the Standard Oil Company, has been promoted to a more responsible position at Richvale, Butte county, by his company.

Mrs. G. M. Flint has arrived from Oakland to visit her mother, Mrs. M. Grimes, and family.

Lee Day of Tyler spent the last week end visiting his family in Nevada City.

Mrs. Clara Phillips and daughter, Laurel, have returned from San Jose to remain in Nevada City.

Robert Gates, who was accidentally shot by his nephew, Caswell Gates, is making nice recovery and is able to be about.

Wm. Maguire went to San Francisco on a business trip.

DRIFTS STARTED THE QUEEN LIL THE PAST WEEK

Operations at the Queen Lil property west of town are looking very encouraging as drifting east and west on the ledge has been started on the 210 level. The shaft has been sunk to a pont about 50 feet deeper but the drift was started to open up some ground that looked especially promising.

The ledge is in the slate and shows encouraging symptoms of pay values. A large cleanup was made in the former workings around the old shaft, the pay ore being taken from a small block of ground. Approximately 150 feet of new shaft work has been done the past few months and it is the intention of the operators to sink to considerable depth and thoroughly develop the ground.

An excellent surface plant has been provided and the pump and hoist facilities are adequate for extensive development.

Gordon M. Bettles, general manager of the Yellow Tiger Consolidated holds a bond and lease on the former Champion properties north of Deer creek from the North Star interests and has considerable other adjoining ground under option and proposes to do systematic development of the footwall country of the Champion group and prove what many local people familiar with the geology of that section claim to hold vast riches untouched.

WHIST TOURNAMENT ENDS ANOTHER ON

The final round of the Elks bridge tournament came to a regretful end last week but owing to the great interest taken, a third one is starting tomorrow night. William V. Tamblyn romped in an easy winner in the men's division with W. E. Wright trailing in second place. Mrs. F. F. Cassidy took first honors for the ladies with Mrs. O. E. Schiffner in second place. Mrs. H. M. Cooper of Auburn was awarded the special prize.

A pastascheuttc supper was prepared by George R. Carter went by the boards at a record rate.

MINING PERSONALS

E. B. Preble, mining man of Redding, came down from his large properties in that district Friday. He was a caller in The Nugget office for a short time, continuing on his way to San Francisco and Los Angeles.

KILROY IS INSTALLING

District Deputy Grand President Elza J. Kilroy has been busy installing the officers in the lodges of his district for the Native Sons. His joint installation of the officers of Quartz and Hydraulic Parlors has evoked a great deal of favorable comment. He is planning a joint installation of the Native Sons and Native Daughters at Auburn on the 7th which promises to be a largely attended affair.

Ford E. Grove, former attorney of Nevada City, was renewing old acquaintanceships here last week.

Rev. Fr. Scott, who is a guest of the Coughlan family at Columbia Hill, has been spending the past few days with Fr. O'Reilly, who was confined to his home several days with a bad cold.

Herbert Spink, ex-service man who has been here for sometime for his health, entered Mrs. Grace Himes Sanitarium for treatment.

Dr. W. P. Sawyer has been confined to his home by illness.

While mounting a tire on a rim last week, R. N. McCormack, Jr., received a bad cut in the upper lip. The wound was dressed by Dr. A. H. Tickell.

Forest Service duties have taken Ray Davis and R. S. Fitzsimmons to Blairsden for several months. Mrs. Davis, Miss Katherine Davis and Mrs. Fitzsimmons and infant daughter have gone also to make their home at Blairsden.

COZY CORNER CHAT

THE REPORT OF the United States Mint showing receipt of 401,927 ounces of gold received from California mines last year and valued at $8,306,500 shows that California is still a leading producer of the precious yellow metal. The figures show somewhat of a decrease from the previous year due to two causes: 1st, cessation of some activities in the Hammonton dredging fields where two of the large dredgers were taken out of commission; 2d, the taking over of the Empire and North Star properties by the Newmont interests and putting the North Star on a development program to provide new ore bodies brought down the production in Nevada county which will be regained as the new owners get fully under way. With a number of other properties coming into production in this county during the coming year, Nevada county should be well toward the top in point of total yield.

THE LIONS CLUB of Grass Valley has apparently put over something that some of our civic bodies failed to do, that of getting some accurate data on what the road between Nevada City and Colfax needs to put it into more serviceable condition. They secured the services of two state highway commission engineers in making a reconnaissance survey the past week and received therefrom some valuable advice on how to proceed. That stretch of road has been the supervisors' bugaboo for many years and many dollars have been dumped into it without much avail for making it anything but a series of bumps and chuck holes. The stretch from Town Talk to Woodpecker creek is anything but a pleasure to use at any time of year. If the county will get busy and make something out of it but a spasm of cuss words from those who have to use it, they will have accomplished something of lasting good.

THE NEW STREET LIGHTS on Broad street put up by the Pacific Gas engineers for demonstration purposes have shown us how woefully deficient our lighting system has been heretofore and yet we have been paying around $2500 per year for some incadescent lights strung at odd intervals about town. The three lamps installed in the one block have made it as well lighted as any business street as you will find anywhere and at but a trifling expense. The company plan of installation whereby the city will but pay for the juice consumed is somethin worthy of attention. Nevada City has been a dark town about long enough. With no illuminated street signs worthy of note, store windows not lighted in sufficient number, the town has been accused of going to bed with the chickens. It is a good time to prove that a thin of the dead past.

AAW

CURRENT EVENTS TALK

Gertrude Marriott gave a talk on "Current Events" at the recent meeting of the Women's Civic Impovement Club. The topic proved to be a very interesting one and was apperciated by all presnt.

PEP SESSION

A pep session was held at the high school at 11:30 Friday. After a few general announcements, yell leader, Carl Murchie started out with plenty of pep and response from the student body with "Give'em the Axe".

Several of the players and students were called upon to voice their opinions. All were in hopes we would win. Vvian Cerro led in singing.

A skit, "When Grass Valley Got a Shock", featuring Vivian Cerro, Bill Rector and Addison Janes was given. Vivian took the part of Victory, Bill, the part of Nevada City and Addson, that of Grass Valley. A duel was fought between Bill and Addison representing Nevada City and Grass Valley, leaving Nevada City, Victory.

With fifteen "rahs" for Nevada City High, the pep session closed.

CERTIFICATE GIVEN

Adelaide Veale, typing I student, has secured her certificate. To receive a certificate one must type thirty words per minute. Adelaide is the second student to acquire this speed and receive a certificate, Aeola Smith being the first.

Quaker City Resident Roused by "Profanation"

Philadelphians of a century ago held very pronounced views on Sabbath observance. It would appear from a contribution to a paper there at that time, inspired by the proposal of a Miss Wright to give a series of lectures on Sunday evenings in one of the city's theaters:

"The thanks of this community are due," said the article, "to your correspondent who has first noticed the outrage about to be committed by a female on the inhabitants of our city and on all morals and social order next Sunday evening at the corner of Ninth and Walnut streets. Such a barefaced attempt at violating our religious institution has not, until now been made, and it is to be hoped that the good sense of the people will be displayed by permitting this unfortunate female to witness her extreme folly and criminal culpability in the silent contempt of empty boxes and benches. A theater opened on Sunday evening in Philadelphia and the service to consist of Politics, Profligacy and Profanation!"—Detroit News.

Sophisticated

The family was to occupy the new house very soon. Joan, ten years old, was going over the house with her mother on an inspection tour. She had evidently observed the rooms outfitted for the younger members of the family and on the walls of these rooms had been placed colorful nursery paper.

When they had completed the round of the house, Joan said: "Mother may I have Rowena's room for mine?"

"Why no, Joan; this nice front room with its pretty furnishings is for you."

"Mother," said Joan, "me studying fractions and have paper on the walls with all those billy goats on it!"

THE RALLY

The annual rally, given by the Nevada City High School was held Thursday evening at seven o'clock. A stock of wood was heaped high—an effigy of Grass Valley was placed on the top. The rally was on! "Grass Valley" as of old was burned to ashes, mid the yells and song of the Nevada City students. Oh, yes there was an audience. Many of the alumni and other townspeople had gathered to watch the fire by leaps and bounds reach the top and then disappear. Even some Grass Valleyians had found their way to the rally. After the bonfire burned down the students joined hands and ran into town, where they practiced their yells. All was in readiness for the contest Friday night.

WHEATLAND GAME

Monday, January 27, the N. C. H. S. "A", "B" and "C" teams went to Wheatland to play the Wheatland High School in a return game for the one played in Nevada City, December 20. At that time Nevada City took two out of three and were anxious to win another while the Wheatland boys were anxious to turn tables on Nevada City. Those two factors put together were the main reasons for the fine games that were played.

The "C" game was so fast and was played with such pep that Nevada City redeemed itself for the one defeat December 20. The final score was Nevada City 18, Wheatland 11. Baker was high point man with five points.

The "B" game was Nevada City's game from the beginning although Wheatland put up a strong fight. When the final gun went off Nevada City was on the long end of a 28 to 7 score. Fisher scored 15 points to be high point man.

The "A" game was the game of the evening. Wheatland started out strong and kept it up throughout. In a short time Wheatland had run up five points to Nevada City's one. Then Nevada City pepped up and started making baskets, and when the half ended, Nevada was ahead 15 to 12. Nevada City kept up their fast playing and when the gun went off, proclaiming the end of the game, they had 33 to Wheatland's 29. Captain Pierce led the scoring with 12 points.

Bud Silva, a well known and well liked referee, had charge of the game and he performed to the satisfaction of both schools. There were very many unavoidable fouls and once the refere asked the players to be a little more careful.

The "A" game was played as the second game of the evening and the "B" game was played last. A large rooting section from each school supported their players very well.

HONOR ROLL

The following students are on the honor roll for the semester: Catherine Davies, Nadine Sutton, Harriett Bleakley, Norma Kessler, Warren Chapman, Katherine Celio, Ruth Rector, and Kathleen Greenaway, a post-graduate, and Madeline Himes, a special student, made the honor roll for the past six weeks. Kathleen Greenaway is a life member. To be a life member of the society one must be on the honor roll for at least six semesters, one semester being in the senior year. The above students have made three A's and one B and some have made four A's, for the semester. The students who have obtained such high marks deserve credit.

W. T. GARLAND PASSES

W. T. Garland, Sr., former foreman of the W. Y. O. D. and Pennsylvania mines, passed away at Grass Valley last week following a lingering illness. Funeral services were conducted by the Odd Fellows at the Holmes-Hooper chapel.

GIRLS BASKETBALL GAME

The Girls' Association of Grass Valley and the Nevada City High School girls put over an exciting game at Grass Valley on January 29th. The girls played boys' rules and showed very good sportsmanship all through the game. The Nevada City girls put up a good game and kept nearly a tie score all the time. But Grass Valley, having the advantage over Nevada City girls in height, left the score 10 to 6 in their favor. The line up of the team was as follows:

Forwards— Nadine Neagle, Captain, and Neta Botting.
Center—Jean Gleason.
Running Guard—Aeola Smith.
Standing Guard—Fae Murphy.
The subs were —Florence Cerro, Grace Towle and Mary Costa.

The Grass Valley line up was as follows:

Forwards—Clarise Bennetts, Captain; Mooser.
Center—Irma Ducotey.
Running Guard—Josephine Quepon.
Standing Guard—Gail Twitch.

SOPHOMORE PARTY

At the Sophomore class meeting it was decided to have a class party February 21. A calendar was made out for the suggested class events which will take place the rest of the year.

CANDY SALE

The Honor Society sold homemade candy at the basketball game between Nevada City and Grass Valley High School, Friday, January 31. Those on the committee were Kathlyn Greenaway, Catherine Davies and Barbara McMinn. The proceeds from the sale will help toward the sum of money which is to be raised and used for the scholarship fund this semester.

HI AND GRAMMAR PRIZES

The Women's Civic Improvement Club is offering to the students of the high school and of the grammar schools the opportunity of entering a poster contest. The conditions for participating in this contest are listed below:

Prizes for High, Grammar Students

First prize ten dollars, second prize five dollars will be awarded High School students of Northern District; first prize five dollars, second prize two dollars awarded Gammar School students of Northern District for best and second best hand lettered and decorated poster comprising Articles I and II of the Multilateral Treaty to Renounce War. Posters must be legible at a distance of fifteen feet. The posters should be marked with student's initials, and whether for high or grammar school entray. The name, school and address should be inclosed in a sealed envelope; the outside of envelope marked with initials, and high or grammar school entry. If proper postage is included in envelope, posters will be returned for exhibit in school of student. **The posters must be received by me on or before April 11, 1930.** The posters will be on display, and the final awards announced at the April Convention of the Northern District Federation of Women's Clubs.

PEP SESSION

A pep sesson was held in the high school assembly room Friday morning at eleven-thirty. The yell were practiced, under the leadership of yell-leaders Carl Murchie and Vernon Sandow. Vivian Cerro led the assembly for the songs. Speeches were made by the Captains and their teammates, and by other members of the student body. The meeting ws characteristic of all the pep sessions held at the school, and it seemed that the students are ready to support the teams to the utmost, in the conflict with their old rivals, Grass Valley.

PLACER GAME

Friday, January 24, at 3 o'clock the "A", "B", and "C" teams of the high school and some rooters left for Placerville to play the Eldorado Union High School. The "C" game was the first game to be played. The Placerville boys put up a good fight and played a very good game but our boys were too fast for them and another game went on the right side of the ledger. The final score was 20 to 5 with Nevada City on the long end of the score. Casci was high man with eight points.

The "B" was a very fast game with Nevada City having an edge over the Placerville boys. Nevada City kept ahead of Placerville and when the final whistle blew Nevada City had added one more to its winning list at the score of 26 to 15. Calvin Fisher was high point man with nine points to his credit.

The "A" game was the hottest game of the evening and several times the final score was doubtful but Nevada City showed its power and spirit by taking the third game of the evening at the score of 20 to 16. Pierce was the high point scorer with seven points.

The rooting sections were very good and both teams showed good sportsmanship.

This game is the second game that Nevada City has played in the Mountain League. The first one was played in Nevada City with Placerville and Nevada City took two of the three games.

BYNON HELPS UNLOAD THEN FLASHES STAR

DOWNIEVILLE, Feb. 1— Sheriff Geo. C. Bynon accomodatingly helped a bootlegger unload his supply Thursday night, and then took bootlegger, stock and car into custody. Sheriff Bynon recognized W. R. Collins, alias Wm. Connolly, of Oakland, when he drove into town Thursday evening, as a supplier of corn to the arid mountain districts, followed him to his unloading place and obligingly held his flashlight while Collins unloaded forty gallons of liquor to the running board of his automobile. Collins accepted the proferred light, not knowing the identity of his assistant. When the well-filled kegs had been lined on the running board, the sheriff disclosed his star and took the dumbfounded owner of the evidence into custody, ignoring his suggestion to "fix things up".

Collins posted $250 cash bail, and was released. At his trial Friday morning Collins was fined on two counts, possession and transportation, a totad of $300, which he paid.

The car is in the custody of the sheriff awaiting proof of ownership.

Cleaning Pewter

Pewter articles are in great favor in modern homes and the beauty of these may be marred by improper care. Pewter is a soft metal, and should never be cleaned with harsh powders. Fine rottenstone mixed with sufficient raw linseed oil to make a paste is an excellent cleansing agent for general use. When a more thorough scouring is necessary, use only a fine friction powder, such as whiting, and apply it with the finest grade of steel wool. After scouring pewter it should be washed with hot soapsuds and polished with a soft clean cloth.

Teacher's Fault

A lady came to call and as mother was not quite ready to see callers Billy was sent down to talk with her until mother was ready.

"How old are you?" asked the lady.

"Nine," said Billy.

"And what grade are you in at school?"

"The second," said Billy, "but its the teacher's fault."

CHEROKEE PROSPERS

CHEROKEE, Feb. 1, (Special to The Nugget)— Mr. and Mrs. T. Costa of Nevada City were visitors here Tuesday.

The large truck of the Diamond Match Company of Grass Valley has hauled several large loads of lumber to Columbia Hill for the Montezuma Gold Mining Company. James Phelan hauls it from there into the mine with his Ford truck.

Mr. and Mrs. L. Day of Cherokee were visitors in Nevada City Monday.

Herb Curnow of Grass Valley was visiting his parents, Mr. and Mrs. J. Curnow of Cherokee in Sunday.

Mr. Pitman is doing carpneter work for the Montezuma Hill Gold Mining Company. They have several carpenters at work putting up the boarding house and blacksmith shop.

Mrs. James Phelan, our teacher, is attending the teachers Institute in Nevada City this week.

Mr. and Mrs. L. Day and daughters are spending the week end with Mrs. Day's mother, Mrs. C. Salmon, of Nevada City.

Little Mary Puller was taken to St. Josephs Hospital in San Francisco. TheX-ray shows puss around the heart and if not gone in twenty-four hours an operation will be performed.

We hear we are to have some new neghbors. Parties from Los Angeles are going to rent a ranch in our district. It will mean more more scholars for our school.

All work and no play makes Jack a dull boy. All play and no work a dull boy with no Jack.

"Doctor —we're organizing an "Improvement Club and want you to become a member".

"Completely out of my line", was the wise crack of the M. D.

Mr. and Mrs. S. N. McCormick of Downieville were recent business visitors.

R. P. Bryan, former engineer employed in Nevada City, arrived recently, from Boise, Idaho, and was visiting Mr. and Mrs. E. M. Shaw.

Bladder Irritation

Don't give up. Get Cystex today at any drug store. Put it to the test. See for yourself what it does. Money back if it doesn't bring quick improvement, and satisfy you completely. Try Cystex today. Only 60c.

FROM OUR READERS

Publisher The Nugget:

I have been a realer of your little, may I say wonderful mining paper for 2 years now, and will say, that for mining news it can't be beat. I am interested in the San Juan Ridge, both in the mining way, and also in the Water Association. You, or rather The Nugget Office has sure helped out, and boosted in every way they could, for the Ridge, and that alone should be greatly appreciated, which it is by the majority.

Wishing you success for the New Year, I remain,

An ardent Reader,
J. M. Swazey.

H. M. Cooper, general manager of the Drum division, of the P. G. & E. Company, visited in Grass Valley during the week.

Charles C. Skewes of Nevada City was in town Thursday.

CAMPTONVILLE PERSONALS

The first model of the Hansonart, a device invented by John A. Hanson, of Washington and formerly of this place, was received here a few days ago, and has been of considerable interest to the local people. It is a device to be hooked up to a radio, taking out practically all the static, and almost completely remedying fading. This device has been patented, but is not yet on the market. The set was received by Fred Hanson, brother of the inventor, and will be tried out in this section on a radio at the Ramm ranch.

Dr. Earl Sutton of Downieville was in town Thursday, called by the illness of the young son of Mr. and Mrs. Eugene H. Hays.

Leonard L. Bishop made a trip to Dobbins Thursday.

Harold Beresford made a business trip to Nevada City Wednesday.

The town water main broke Wednesday on upper Main Street, which break was properly repaired by F. S. Labadie, proprietor of the water works.

STATE MINING NEWS

AMADOR COUNTY

The engine house and wooden gallows frame at the Markelee mine above Volcano was recently destroyed by fire of unknown origin. The ten stamp mill and blacksmith shop were saved .Work of rebuilding will be commenced. The damage was estimated at $25,000.

Unwatering of the workings of the Little Amador property at Amador City have been completed. The shaft of the Original Amadir is being cleaned out to be used as an auxiliary entrance and also for ventilation. This property was closed down during the war. A crew of 13 men is employed.

Ribert I. Kerr of the Mineral and Metal Producers won his case in the Court of Appeals against one M. Milatovich who had deposited four bars of bullion with the mint. Kerr cintended that the gold had been highgraded from the Central Eureka, the Kennedy and Argonaut companies and the court so held.

An auxiliary shaft is being sunk from the 4600 level at the Kennedy mine near Jackson and had reached a depth of nearly 100 feet last week. A new surface hoist will be installed and the present equipment taken to the 4600 level for use. The Kennedy is employing 225 men.

CALAVERAS COUNTY

Operations have been resumed at the White Bird copper mine in the Nassau Valley district according to Charles Cosmo, the owner. A small crew is busy getting things ready for some extensive development.

Ekcellent ore is reported coming from the 180 level of the Lamphear mine between Angels Cimp and Mokelumne Hill. A considerable flow of water has been encountered at that level but with ektra pumping facilities installed sinking will be resumed. The property s being operated by the Mother Lode Gold Mines Consolidated.

MARIPOSA COUNTY

Ektensive development work is contemplated for the Washington mine in the Sakon Creek district owned by Belle McCord Roberts, newspaperwoman of Long Beach. The shaft is being cleaned out preparatory to sinking to greater depth.

Work will be resumed at the Colorado quartz property on the return of J. C. Kemp Van Ee from a business trip in the east. Kemp Van Ee is president of the Mining Association of California.

Good progress is reported in opening up the old workings of the Vanderbilt mine n Mt. Buckingham. The ore bodies are said to average eight feet in width and while low grade can be profitably worked on large tonnage. An upraise will be run from the lower level throuh the ore shoot. C. A. Beagle is manager.

Shaft sinking is in prorgess at the Bluebird mine in Cathay Valley. Extra pumps are being installed and the shaft retimbered. James Rice i superintendent.

The lowerd rft being run at the Buena Vista to tap the ore bodies exposed in the upper levels, is making good progress with iver 6 feet per day. The new drift will give several hundred feet of backs. John Moss is superintendent.

SISKIYOU COUNTY

A 50 ton ball mill is being installed on the Quartz Valley group of mines by John Rose and Vincent Bruno. Rose was made president of the company succeeding I. J. Luce resigned. The project is being financed by Seattle capital.

Litigation has been commonced involving the Big Black Bear property in the Liberty mining district Melville Henry seeks to recove title to the property alleging tha he with two others formed a corporation to acquire the propert and that he wah to receive 330,00 shares of the stock issue and als 10% of the profits up to $25,000 He claims his fellow corporator sought to defraud him and he seeks return of the property and $50,000 special damages and $25,000 general damages.

Three tunnels run in a distance of 100 feet on the Crapo property near Etna show good ore in the faces. Considerable surface works have been installed. The property is being devileped by Long Beach capitalists.

TUOLUMNE COUNTY

Frank and William Moyle are reported to have made a good strike in the Shaws Flat section. While sinking a shaft to tap the Faxon vein, a rich pocket was run into at a depth of 50 feet that is reported producing from $100 to $3500 per day.

Postmaster P. G. Scadden is back from Richardson Springs much benefitted in health.

Thrifty Commuter

It was raining when a New Jersey commuter started for work and he shared his umbrella with a neighbor. When the train reached the terminal in New York, the neighbor was startled to see the commuter hand his umbrella to the conductor, saying that some one had forgotten it. "What's the big idea?" asked the neighbor. "Well, it's stopped raining," said the commuter. "If I check the umbrella at the station and get it back at night it will cost me 10 cents. The conductor will turn it in to the lost and-found department and I'll just claim it tonight and save the checking fee." "And you're the guy who tells all those Scotch stories," observed the neighbor.—Boston Globe.

Locust Swarms Still Bid Defiance to Man

There have been locust plagues ever since the days of the pharaohs. They are still plaguing the earth. Only a short time ago the Kenyal (South Africa) colony fruit show had to be abandoned, as the locusts had eaten nearly the whole of the fruit crop. Cases of swarms descending on a field of crops and in a few seconds leaving it completely barren of vegetable life are not at all uncommon; but they do even more amazing things than that. There is the case of a Buenos Aires and Pacific railway train traveling along the open country at 60 miles an hour, which was stopped dead by a plague of locusts. The driver and fireman saw them and exercised themselves to get every ounce of speed out of the engine with the idea of getting through the swarm before the impetus gave out. In a moment the train dashed straight into the swarming mass and was plowing straight through it, crushing countless numbers of insects with every revolution of the wheels. The wheels became slimed as if they had been greased and then lost their grip of the rails. They simply spun round without moving the train. Before the train could be got moving again the fireman had to take his shovel to the front of the engine, shovel up huge masses of the insects and fling them clear of the track. By that method it became possible to move the train a few yards at a time until it was finally clear of the dense mass and could carry on with the journey.

Livingstone's Memorial

The spot where Livingstone died in northern Rhodesia is marked by a monument known to the natives as "Chipundu." Under a big mupundu tree Livingstone died, and his heart was buried. Later the decaying tree was cut down and a cement monument with a bronze plate placed there. In this district is a hospital and dispensary at the head of which is Dr. H. F. Wilson, grandson of the famous missionary and explorer.

LEGAL NOTICE

ORDINANCE NUMBER 211

AN ORDINANCE FIXING TIME OF HOLDING REGULAR MEETINGS OF CITY COUNCIL.

The city council of the city of Nevada do ordain as follows:

Section 1. The regular meetings of the city council of the city of Nevada shall be held at the city hall on the first Thursday after the first day of each calendar month of the year, at eight o'clock p. m.

Section 2. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Secton 3. This ordinance shall take effect and be in force on and after ten days after its passage.

The foregoing ordinance was enacted by the city council of the city of Nevada at a regular meeting thereof, held on the 23d day of January, 1930, and was passed by the following vote:

Aye—Councilmen Holmes, Bennetts, Seaman, Murchie.

Nay—none.

Absent—Councilman Armstrong.

A. M. HOLMES,
Mayor of the City of Nevada.

Attest: GEORGE H. CALANAN,
City Clerk (SEAL)

Dated: January 23d, 1930.

Date of First Publication—January 27, 1930.

Earthworms Too Bulky for Ordinary Angler

If any one wishes to angle for whales, he should go to Australia for his bait, says the New York Times. Earthworms averaging from four to six feet long are reported from that continent. One specimen was discovered which measured nine feet. The account can hardly be set down as the yarn of a "nature faker," for it appears in the British scientific magazine Nature, which is careful about what it publishes.

These earthworms would have delighted Darwin, who wrote a book on worms, drawing attention to the extraordinarily clever way in which they drag leaves down their holes, by the tip instead of by the stalk, so that the leaf rolls up naturally.

The Australian worms have greenish, translucent eggs, with horny shells. They are said to make "loud, gurgling noises when they retire into their burrows on the approach of an enemy." But what animal would deliberately elect to antagonize such a creature? And why should nine-foot worms run away from anything? Perhaps they are too proud to turn.

SIMPLE HOME MIXTURE DARKENS GRAY HAIR

Cincinnati Barber Tells How Any One Can Prepare It in 5 Minutes

Any man or worman can easily look twenty years younger by simply darkening their gray, faded, or streaky hair. This is now easy to accomplish with a recipe given by a well known Cincinnati barber.

Simply take a half-pint of water add one ounce of bay rum, ¼ ounce of glycerine and a small box of Barbo Cimpound. Shake and it is ready to use. These ingredients can be bought at drug stores at trifling cost.

Applied to the hair twice weekly this delightful mixture quickly gives the desired shade. It is easy to use, is not sticky or greasy, will not color the scalp and does not rub off.

F. A. Land and J. A. McIntosh, Forest Rangers, spent some tme at Camptonville planting pines in the burned district at the Schnellman tract.

SEND IN YOUR MEMBERSHIP TODAY!

The mining industry needs an effective organization at once if it is to be rehabilitated and placed on a par with the industry in other metal producing states and made attractive to investing capital. The new state mining association is already functioning in an effective manner, although but two months old. A mutual insurance company is being incorporated which should reduce the cost of compensation insurance two thirds by another year and lift this heavy cost from the mining industry. If you want to see the industry flourish once more, you as an individual are going to invest five dollars a year to help bring this about. Sign the application blank below and send with your remittance to A. A. Willoughby, Secretary, Nevada City, Calif. Receipt will be mailed.

APPLICATION FOR MEMBERSHIP

I hereby make application for membership in the Mining Association of California and subscribe to the purposes and policies of the organization as outlined in the by-laws of the association.

Sunny
ELECTRIC HEAT
for cold days

The lion and the lamb have their fling at the weather throughout the spring months. So keep a portable electric heater handy for the sudden changes to cold and rain.

The widespreading heat and sunny, cheeful glow of the electric heater banish chills. Use your electric heater in the breakfast room. Use it for dressing, bathing or when the children come home with cold, wet feet. Healthful electric warmth helps prevent colds and gives your entire family much comfort.

There are two types of portable electric heaters. Those that give a beam of heat where you want it and those that heat and circulate the air. Your dealer or our office has both types.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Jan. 31, (Special to The Nugget)— The last day of January! Wonder what the ground hog will do? Well, the weather is still unsettled although we have had some very pleasant days. No matter what kind of weather we must accept, we know that beautiful springtime is not far off. Already the birds and the pyrus Japonica, or "Japanese Quince", are swelling, and ere two weeks we will have the beautiful red blossoms Always something good and something lovely to look forward to and then the information our county papers have given us the past week. A prospective celebration in North San Juan on next 4th of July!! Glorious! Those dear old "Ridgites"! The memories of childhood and boyhood days are ever dear to them. Yes, cme back to the old home,— Back to those who "Hate to go above you"* *— "Because * * you see they love you". We will meet you with open arms, and share the best we have with you, and live again those "olden days",— Those "golden days"!— Where shall we put you? Plenty of room we think in our beautiful country,—and then if we should be a little crowded, we'll not mind that kind of squeezing!—More about this later.—

Mrs. A. Browning and Miss M. Clerkin returned to French Corral Friday afternoon, after a pleasant visit in Nevada City.

Mrs. K. Sullivan and Miss Nelly Sullivan, who were the guests of Mr. and Mrs. P. H. Flynn since Thursday, returned to their home in French Corral Saturday afternoon. In this they enjoyed a pleasant auto ride with Mr. Henry Flynn They were also accompanied by Miss Casci of Nevada City.

Edward Clymo and Ernest Collins of Sweetland had business in French Corral Saturday.

W. E. Moulton made his usual business trip to Marysville Saturday He was accompanied by H. Hoskins of this place.

Clyde Browning returned to his home Saturday after an absence of several days attending cattle in the foothills.

Lawrence Calanan of Ray's Ranch went to Nevada City Saturday to attend the meeting of the Cattlemen's Association. He was accompanied by Miss C. Clerkin and Miss Irene Browning.

C. H. Jones and D. Rhodes of Sweetland were Sunday visitors.

Owing to the illness of Rev. Fr. O'Reilly no service was held in the Catholic church at Birchville Sunday, January 26th.

A. Browning and his son, Clyde, made a trip to Arboga, Monday and Tuesday to haul hay from a ranch near that place. They also hd business in Marysville.

Miss Millie Clerkin made a trip to Freemans Crossing Tuesday to see her friend, Mrs. Oslin of that place.

W. P. Clerkin, who has been in the lower country for some time, attending his stock, returned to this place Tuesday. He left for the foothills again Thursday. So far this year has been a very busy and hard time for stockmen.

H. Huckins of North San Juan was yooking after his cattle at this place Tuesday and Wednesday.

Before closing we will give some rather unpleasant information and we are sorry that such information could ever be given from this neighborhood. The Catholic church in Birchville has received a visit from vandals or some person or persons so lost to respect for religion as to fire several shots into the building, thereby damaging the interior, and crashing window sashes and window panes. This old landmark which, aside from being revered as an edifice of God, is cherished as an edifice of patriotism, for it was the armory of the Union Guards, a military company organized on the San Juan Ridge during the Civil War. One hundred of our best citizens, pioneers, whose memory will ever be revered were members of that company. We think such vandalism should not go unpunished, and steps will be taken to investigate.

Mr. and Mrs. Ernest George attended the Pacific Coast Auto Show in San Francisco last week end.

DID IT EVER OCCUR HERE?

A short time ago some mining men came up this way looking for a likely property in which to invest their money. They first wrote for information relative to mining properties, which letter was printed in The Messenger. They received a large number of replies and set out to investigate some of them.

Upon arriving at Camptonville inquiry was made as to how to reach a couple of mining properties near that place, the owners of which had sent in letters in rpely to the inquiry. The person consulted happened to have something to sell, so he told his inquirers that the properties they intended looking at had been worked out years ago, were difficult of access, etc., but that he had a mine that he thought they would be interested in.

Disgusted as this poorly concealed attempt at knocking, the visitors drove to Downieville and continued their inquiries. They met the same experience here. A number of people had prospects or developed property which they wanted to interest capital in. Perhaps all were good properties. But several of those talked with ran down the other fellow's property.

This makes a bad impression upon the stranger and results in confused thinking and retards a decision. In some cases it causes prospective investors to leave and go to other places.

How much better it would be, when asked about a neighbor's property to either say it was a good one, or if one really did not know, to say so. It would be all right perhaps, to say to inquirers that if they did not find what they wanted, you had something they might be interested in. But never run down the other fellow's property. That is small and mean and hurtful to the community. Be glad, rather, that new people are coming here to licate and help open up our mines, even though it does not happen to be your mine.

The mining men in question found a property near Downieville that just suited them and immediately made arrangements to purchase it, in spite of local knockers who had something of their own to "peddle". These people are preparing to spend considerable money here and we will all benefit, directly or indirectly, by the deal.

Let's us try and acqure the habit of boosting.—Mountain Messenger.

"Thoughts of Youth"

Longfellow wrote much that has worn indifferently well, but the lyric of his vanished youth is both poetry and truth. Its refrain Longfellow did not write but took it from old Lapland song. "A boy's will is the wind's will and the thoughts of youth are long, long thoughts." This is the boy's secret, which makes a man of him before he has learned to behave like one. He seems to outgrow it, passing in turn the "towering confidence of twenty-one," the arrogance of young manhood and the insensibility of middle age.—Boston Herald.

Identified

The governor of the state was inspecting some of its institutions. When he reached one of the insane hospitals he received a message to call his office on an important matter. Not getting as quick service as he thought he should, he barked at the operator, "I guess you don't know who I am?"

"No," replied the operator, "but I know where you are."—Boston Globe.

Detroit's Island Park

Before the American Revolution Belle Isle, like Detroit, was a British possession. For some time after the Revolution its ownership was under dispute until the boundary between the United States and Canada was settled by treaty. Lieut. George McDougall took possession of it in 1762, afterward giving the Indians some rum, tobacco and other articles for a conveyance of the title. His family sold it to William Macomb in 1794 and Barnabas Campau purchased it in 1817 for $5,000. His heirs sold it to the city of Detroit in 1879 for $200,000.

LITTLE CHURCH FUNERAL HOME OPEN WEDNESDAY

With the formal opening of the Little Church Funeral Home set for Wednesday, Mr. and Mrs. W. C. Perry of the firm of Perry & Jefford are extending a cordial invitation to the general public to call during the day at the commodious parlors on Main street and see what a transformation has been effected, both inside and out. Those who cannot call that day, are welcome at any time states Mr. Perry.

The grounds about the former church have been beautified by the removal of trees, building of retaining walls and repainting of the building to a creamy white, giving it a thoroughly attractive appearance and an asset to the neighborhood.

Entering the building, one is at once struck by the subdued and restful color tone prevailing throughout. Tasteful floor coverings and curtaining have been skillfully employed in the various rooms and give a thoroughly pleasing effect to the eye. The lobby, chapel, family alcove and office are all attarctive while the showrooms are neatly arranged.

Attractive living quarters on the second floor are occupied by Mr. and Mrs. Perry, who have worked out a well aranged suite.

Mr. Perry comes to Nevada City with a rich background of experience in his chosen profession. At the age of 14 years he set out to learn the business under W. D. Richardson, now of Ontario, California, well known in the business, and later spent six years under George M. Dusche of Milwaukee, Manager E. J. O'Donell of Salt Lake City, reputed one of the best funeral directors in the country He was for ten years located at Price, Utah, in the heart of the mining region where approximately 400 hundred cases a year are handled. Probably his outstanding achievement was the handling of 172 bodies during the Castle Gate disaster in March, 1924, working night and day. Monsignor Giovanoni of the Catholic Diocese of Eastern Utah wrote a letter of recommendation since Mr. Perry came here and showing the high esteem in which hew as held there. He called him a real man and spoke of his ability, kindness and general satisfaction in time of death and sorrow.

The Perrys were attracted to Nevada City by its extremely agreeable climate and have become enamored of its many attractive features, and its hospitality toward the newcomer. They are pleasant people to meet and know. There are two boys and two girls in the family.

MISS BEYER WEDS

Miss Hazel Beyer, daughter of Mr. and Mrs. George Beyer of the Spenceville section was wed recently to Mr. Willis Forbes of Mill Valley, at Reno.

ROYAL ARCH CONFERRED

The sublme degree of Royal Arch Mason was conferred on a class of candidates Wednesday evening in Masonic Temple before a large gathering of companions of the order. Following the serving of a toothsome chicken pie dinner, the degree was conferred under the guidance of Past High Priest Meservey, who was highly complimented by the impressive manner in which the work was put on.

A large number of Grass Valley members were present as also Chris Richter, John Robinson and F. S. Stevens of Auburn.

NO SALES EITHER

Every time we hear some professional secretary bragging about the "contacts" he has made as inducement for the payment of his salary, we are reminded of the following dialogue:

"I made some very valuable contacts today".

"I didn't make any sales, either".

John Turzall, who ran astray mentally on an east bound train near Norden last week, was taken in tow by attaches of the sheriff's office and lodged in the county jail for safe keeping. He was found to have $3700 on deposit in Chicago and relatives have been located. Arthur F. Hellings was appointed his guardian for the time being.

Thu an error the name of Ms. R. McNamara's name was left out of an item last week. She suffered a fall on the slick ice and snow.

SPORT NOTES

Standing of the Teams

	Won	Lost	Pct
Native Sons	15	9	.625
Corte Colombo	15	9	.625
Odd Fellows	15	9	.625
Court Garfield	5	19	.208

It's anybody's race now in the pennant chase in the horseshoe pitchers' corral. The Odd Fellows kept up their winning streak by sinking two of Colombo's caravels in their lasat encounter and only letng the flagship Santa Maria escape. The Natve Sns failed to come out of their slump, largely because the Court Garfield spheroid tossers showed up with an unexpected assortment of ringers and "close ones."

The Native Sons, whom we remember as once having nearly a lap lead over their nearest opponents, have dropped five of their last six games and unless Captain Hallett can put on the brakes ,they seem headed for the lower reigons in no uncertain manner.

The "three lynx" tossers of the Odd Fellows have been making it hot for their opponents in the meantime, having won eight of thei last nine heats and may before long be occupying the top roost. This because next week the Natives and Colombos tangle and it is hadly possible that either of these will win more than fwo games from the other, being rather evenly matched. In the meantime, however, the Odd Fellows will play Court Garfield tomorrow night and unless the Garfield keep up the form they showed against the Natives, the FLTs will probably crash through for a three game win.

Last Monday's results were:

R. Leonard and Sandow, Court Garfield vs Baker, Craig and Eddy, Native Sons, 50 to 39.

M. Chapman and White, N. S. defeated H. Leonard and Davis, C. G., 52 to 18.

Foote and Jeffrey, C. G,. defeated C. W. Chapman and Hallett, N. S., 50 to 35.

High scores—M. Chapman 38, R. Leonard 31, Jeffrey 28.

Ringers—M. Chapman 7, Jeffrey 6, R. Leonard 4.

Tuesday's Games

Boughman and Seaman, Odd Fellows, defeated Margaroli and Solri, Corte Colombo, 50 to 45.

Cicogni nd Muscardini, C. C., defeated Roberrts and Zanocco, O. F., 50 to 13.

Arbogast and Carlson, O. F., defeated P. Giani and V. Giani. C. G. 52 to 45.

High scores—Carlson 37, Seaman 34, Cicogni 29.

Ringers—Seaman 8, Cicogni 7, Carlson 6, Solari 5, P. Giani 5.

STATE WILL PRINT NEW BOOK OF MINING LAWS

Printing of a bulletin on mining laws will be started soon by the state, according to state printer, Carroll H. Smith.

The work represents the voluntary services of A. H. Ricketts, known as one of the foremost mining attorneys of the United States in which he has given California the benefit of his personal labors wthout cost. A bulletin on the annual statistics of mineral production in the state for 1928 is now in the hands of printers, Smith reported.

MONTEY ROGERS PASSES

Early last week saw the unexpected demise at Sacramento of Montey Rogers, employe of the paper will at Floriston. The remains were brought to Grass Valley where funeral services were held at the Holmes-Hoper parlors under auspices of the Knights of Pythias.

Mr. and Mrs. William J. Reynolds and Gus Orzalli spent a few days in San Francisco recently.

Mrs. A. W. Hoge is home from a visit in the William Desmond home in Hollywood.

ATTENTION, N.I.D. BONDHOLDER

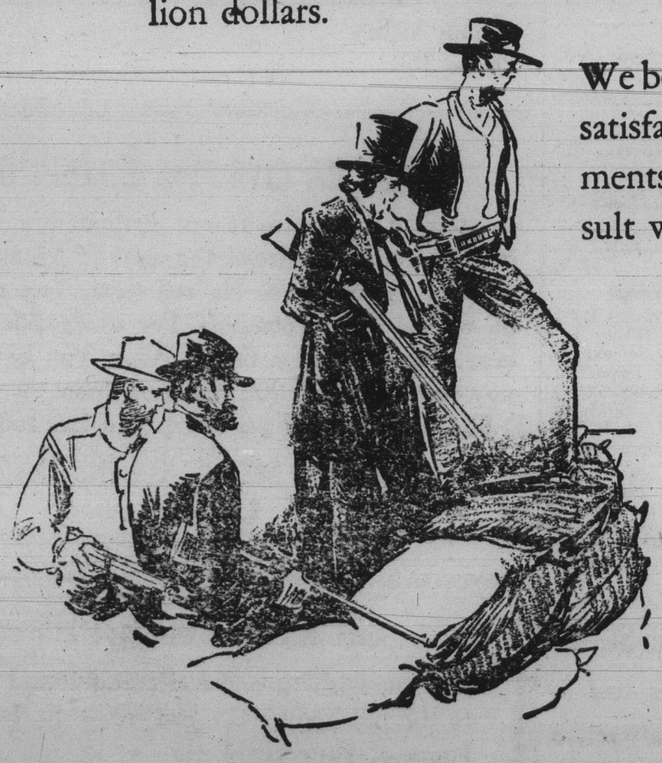
Your bonds will be taken in whole or part pay of a business block at Berkeley on University Ave. 2 stores, 2 apts. above and cottage in rear. Act quickly and get rid of your bonds while our client is in the notiin. (1088.) Price $25,000. D. L. Jungck Co., 2135 Center St., Berkeley, California. 12-15ch

IDEALS . . .

TO give to the task in hand the utmost ability, to build beyond the specifications of necessity . . . because there can be no satisfaction in less . . . is to build lastingly.

The men who laid the cornerstone of this bank sixty years ago could not foresee its present state-wide scope. But they built strong, because for them there was no other way to build.

Today, the Bank of America brings banking stability to a hundred progressive communities. Its structure, rooted in ideals, grows with California, strong and secure. As tangible evidence of this strength stand resources of more than four hundred million dollars.



We believe that you will find here full satisfaction for your banking requirements. The cordial invitation to consult with us freely is always extended.

Because of the ideals of early Californians... when necessary protected with arms... disorder gave way to stable government. In the shelter of this government, our commonwealth has prospered and flourished.
